EUROPEAN CERTIFICATES AND ACCREDITATION FOR EUROPEAN PROJECTS

EU-CERT

Introduction to EU-CERT

Dear Students, Educators, and Adult Education Providers,

We are excited to introduce you to the EU-CERT project, a pivotal initiative focused on enhancing the quality and transparency of adult education in Europe. Funded under the ERASMUS+ program, EU-CERT aims to promote the accreditation and certification of adult education results, ensuring they meet high-quality standards and can be effectively integrated into daily education practices

In a comprehensive needs analysis conducted in winter 2020, involving 200 trainers and 50 adult education providers, a significant 87% of participants highlighted issues with the intransparency and inconsistent quality of European adult education project results. These concerns underscore the necessity for a robust accreditation system, which EU-CERT is dedicated to developing.

Our Mission

EU-CERT’s mission is to support adult education providers in identifying and utilizing high-quality education results, fostering shared values, and encouraging civic engagement. By creating a European accreditation tool, we aim to establish a sustainable and reliable quality assurance mechanism that will continue to benefit the education sector even after the project concludes.

Stay tuned for more updates as we delve deeper into the specifics of EU-CERT and its contributions to the field of adult education.
