EUROPEAN CERTIFICATES AND ACCREDITATION FOR EUROPEAN PROJECTS

EU-CERT

Project Results of EU-CERT

Dear Students, Educators, and Adult Education Providers,
Welcome back to our EU-CERT newsletter series. In this edition, we will highlight the key project results (PRs) that form the foundation of our accreditation and certification system.

Goals and Objectives

These project results are interconnected, each playing a crucial role in the development and implementation of the EU-CERT accreditation system. From researching quality criteria and designing the accreditation process to creating an accessible website and comprehensive handbook, every PR is focused on establishing and maintaining high standards in adult education.

Achieving High Standards

The EU-CERT project consists of seven distinct project results (PRs), each contributing to the overall goal of enhancing the quality and transparency of adult education in Europe:

- PR 1: EU-CERT – Research on Quality Criteria, Accreditation, and Certificate Structures
- PR 2: EU-CERT – Concept Design for Accreditation and Certification Processes
- PR 3: EU-CERT – Accreditation Website and Database Design and Programming
- PR 4: EU-CERT – Accreditation Handbook
- PR 5: EU-CERT – Accreditation and Certification – Roll-out to Adult Education Providers
- PR 6: EU-CERT – Policy Paper
- PR 7: EU-CERT – Layman’s Report

Project Results Overview

By rolling out the accreditation and certification processes to adult education providers, EU-CERT aims to promote the visibility and transparency of high-quality educational resources. Our policy paper and layman’s report will further disseminate our findings and recommendations, ensuring that the benefits of EU-CERT extend throughout the European adult education community.
